

I object to the reported scheduled broadcast of highly-politicized material by the Sinclair Broadcast Group as reported in the media.

As owner of major media outlets Sinclair Broadcast Group has a responsibility to NOT abuse its ownership of those outlets by forcing program material to be aired that is highly partisan and trying to disguise it as "News".

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. This is NOT serving the public interest.

The reported airing of "Stolen Honor" is being presented as 'factual' and 'documentary' instead of the highly partisan op-ed piece that it seems to be.

Please instruct Sinclair Broadcast Group to correctly advertise this program as partisan editorial opinion - not "News".

Thank you,

Matt Powell
